

MATTEC USERS GROUP CONFERENCE
OCTOBER 6TH, 2008
MELBOURNE EXHIBITION & CONVENTION CENTRE

To Whom It May Concern:

GreenMoore Enterprises, in conjunction with Mattec Corporation are holding a Mattec Users Group Conference. The conference will be held the day preceding the AUSPLAS exhibition, October 6th, 2008 at the Melbourne Exhibition and Convention Centre, Clarendon Street, Melbourne from 9.30am until 5.30pm. For people attending the conference, we also invite you to join us for dinner on the 6th of October at a venue to be determined.

The agenda of the conference is designed to provide existing users with the following:

- Valuable contact details of fellow Mattec users.
- Sharing ideas, techniques & uses for Mattec.
- A review of the product specifications.
- An insight into the future direction of Mattec.

We will be having four key topics and these will be delivered by existing users of the ProHelp EPM product. Each topic will offer other users some insight into how companies operate their system and achieve their results.

Part of the conference will be a brainstorming session led by a senior member of Mattec to give attendees an opportunity to provide Mattec with your ideas for new developments for ProHelp EPM.

If you are interested in attending, please complete the attached form & send it back to GreenMoore (fax number +613 9738 0200 or email info@greenmoore.com).

We look forward to having you attend the conference.

Warm Regards,

A handwritten signature in black ink, appearing to read "Brett Moore", written in a cursive style.

Brett Moore.
